

Fitting Instructions

1 Fasten collar snugly with buckle behind head

2 It should sit just behind the ears

3 Check the collar cannot slip off

4 Attach leash to both 'D' rings of thin slip lines

5 Pull slip line from under chin - place over nose

6 Yellow plastic guider should remain under chin

7 This is a correct fit

8 Apply gentle backward pressure to stop pulling

9 Keep leash short but loose - an extending leash is not suitable

10 Keep your dogs head up to maintain focus

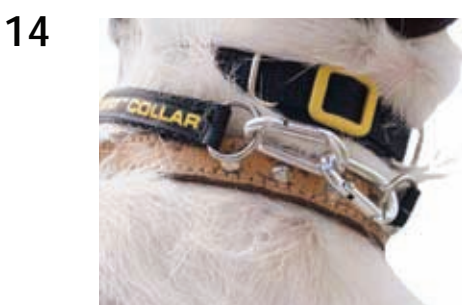

11 Some dogs resist initially. Continue walking and give praise

12 If your dog refuses to walk, lower your height to encourage and continue walking

13 To use off leash, cross slip line behind head

14 Bring 'D' rings together under chin - fasten with optional carabiners
